### **White Chocolate Raspberry Cupcake at SusieCakes, \$3**

Available only during February, this delectable cupcake is pure intoxication. Topped with a mound of sugary, old-school frosting (plus a pretty little heart), and raspberry-laced vanilla cake, this is a classic that we'd dare anyone to deny. And don't worry, everything in SusieCakes' arsenal is A+ quality, so even if you miss this monthly special, you won't be disappointed.
